Strong Soup.

In the life of William Stokes, written by his son, it is told how Stokes was sent over to Dublin during the great famine to show the people how to make soup. Stokes asked a starving beggar why she did not go and get some of the soup that was being freely distributed.

"Soup, is it, your honor? Sure, it isn't soup at all!" "And what is it, then?" inquired Stokes. "It is nothin', your honor, but a quart of water boiled down to a pint to make it strong!"

This is the soup maigre which Hogarth caricatured in his picture of the French troops at Calais. — London Standard.

Mixed Liquors Barred.

Rory MacSnory was the village blacksmith and one of the most powerful singers in the choir of the kirk at Auchleuchries. To show off his voice to full advantage he would vary his style from bass to alto and from alto to treble in the same hymn.

The minister had long observed that Rory's methods were upsetting the general melody of the congregation's singing, and at length he resolved to bring the culprit to book.

"Hymn 34," he announced, "and a' thegither. And, Mr. MacSnory, if ye're tae sing tenor, sing tenor, or if ye're tae sing bass, sing bass, but we'll hae nae mair o' yer shandygaff!" — Dundee Advertiser.

The Reason.

All sorts and conditions of men have excellent reasons for their position in life. Illustrated Bits tells of a tramp who had no illusions about the cause of his own condition:

Mrs. Finehealth (at hotel entrance)—No. I have no money to spare for you. I do not see why an able-bodied man like you should go about begging.

Lazy Tramp—I s'pose, mum, it's fer about the same reason that a healthy woman like you boards at a hotel, instead of keeping house.

A Rebuff.

"Do you think your father would like me as a son-in-law?"

"Yes, I believe he would."

"Oh, joy! I"—
"Papa and I never agree about anything, you know."

Feminine Nerves.

There are nervous women; there are hypernervous women. But women so nervous that the continual rustle of a silk skirt makes them nervous—no, there are no women so nervous as that!

Error of opinion may be tolerated where reason is left free to combat it. — Jefferson.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. 75 cents. Take Hall's Family Pills for constipation.

What you call hard work, do other people call it hard work? The story that you are a hard worker; did you start it or was it started by other people?

Save This Anyway.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe; try it: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

"Pneumonia's Deadly Work

had so seriously affected my right lung" writes, Mrs. Fannie Connor, of Rural Route 1 Georgetown, Tenn., "that I coughed continuously, night and day and the neighbors predicted consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by O. Brederford, the druggist. 50c and \$1.00. No Crop For 1908.

There is a strong feeling in the Society of Equity in favor of raising no crop of tobacco in 1908. Hon. Walter Sharp made a speech last Tuesday afternoon at Winchester in which he said, that with the crops of 1906 and 1907 still on hand and a big crop set in 1908, it would be impossible to pool it or to finance it if it could be pooled. He furthermore said that the mere contemplation of a big crop then militated greatly against the sale of the crops now on hand. This feeling is widespread, and if the members of the Society of Equity refrain from planting a crop in 1908 it will show the Trust that the Society is in earnest in its fight and has not only the determination to win, but the power to do so. There is another phase of the matter however, which it might be well to consider. Human nature is such that many men are willing to better their own condition at the expense of their fellowmen, and if they find out that their neighbors will plant no tobacco they will plant as large a crop as they can. In such cases we believe such schemes as have been witnessed in the dark tobacco sections will be reenacted here. The Equity men are in no humor for fooling and, which the Society as a whole will not tolerate lawlessness, some of its members will not be so scrupulous and the destruction of plant beds and personal violence will be almost inevitable.

No man can become a leader in a reform unless his heart is first captured.

No one appreciates the freedom with which people talk behind his back."
